GENERAL ADMISSION REQUIREMENTS

Applicants to academic programs at Alexander College must have a satisfactory record of academic achievement and a good command of the English language. If you do not meet the minimum English language requirements for the University Transfer Program, you may instead register in a program combining academic studies with non-credit coursework in English, or in an English-as-a-Second-Language Program.

Students who have not completed their secondary program in a school in North America are designated as International students. Their admission credentials require special scrutiny. In general, to be admitted, international students must have completed the equivalent of twelve years of schooling, and be proficient in English.

Students who do not meet the English language proficiency requirement for admission to the Associate of Arts program may apply to the English Academic Preparation Program. This is a full-time, integrated, intensive English and academic skills program that prepares students for college and university study.
