

Alexander College

Your Road to University Starts Here

Alexander College is a private educational institution which offers Associate Degrees as well as first and second year university courses for students wishing to transfer to a Bachelor Degree program in Canada. Alexander College is conveniently located in downtown Vancouver and in central Burnaby. Our students enjoy a vibrant urban environment with instant access to transportation, shopping, and entertainment, as well as the natural beauty of the area.

University Transfer Program

In the University Transfer Program, students are able to explore their academic interests through 1st and 2nd year courses which may be transferred to the 2nd or 3rd year of a university's Bachelor Degree program.

Academic Advisers will assist students in developing a study plan for seamless transfer to the specific undergraduate program they wish to complete. Students can also receive guidance from Career Advisers regarding the university program that best fits their future career goals.

Alexander College is a member of the British Columbia Council on Admissions and Transfer (BCCAT) system and has established transfer agreements with colleges and universities across British Columbia, including the most prestigious universities in the province. The BCCAT transfer system's online transfer guide enables students to confirm the transferability of courses. These tools are available at:

www.bctransferguide.ca

www.educationplanner.ca

Why enroll in the University Transfer Program at Alexander College?

- Affordable tuition fees to reduce costs for the first two years of college study
- Smaller class size compared to university
- Free academic support from the Writing & Learning Centre
- Free Academic Advising to assist students in planning their transfer to university
- Increased potential for academic success after transfer to university

Opportunities for transfer to a range of universities, including:

- University of British Columbia (UBC)
- Simon Fraser University (SFU)
- University of Victoria (UVic)
- University of the Fraser Valley (UFV)
- British Columbia Institute of Technology (BCIT)
- Vancouver Island University (VIU)

Associate Degree Program

The Associate Degree program is a foundational degree consisting of 60–64 credits, typically completed over a 2-year period. The program provides a comprehensive learning experience that also allows students to customize and focus their coursework in an area of personal interest. On completion of an Associate Degree program, students may choose to either enter the work force or continue their studies in pursuit of a Bachelor Degree. International students completing an Associate Degree program may be eligible to apply for a Post-Graduation Work Permit. For more information please visit www.cic.gc.ca

Alexander College offers three degree programs:

Associate of Arts, Associate of Arts (Business), and Associate of Science.

Why enroll in an Associate Degree program at Alexander College?

- Small class sizes (20–35 students per class)
- Free tutoring, academic advising, and career advising services
- Various employment opportunities after graduation
- Transferability of courses to universities and colleges in British Columbia

English for Academic Purposes Program

The English for Academic Purposes Program is a preparatory program designed to develop core English language skills within a post-secondary context, enabling students to approach college/university studies with the required foundational English language competencies.

The English for Academic Purposes Program consists of 5 levels, each focusing on language learning through academic subjects such as science, economics, psychology, sociology, literature, and philosophy. They are specifically designed to develop a student’s academic study and participation skills, while improving their English to a level that will ensure success in further university work.
